WHY MOTIVATIONAL INCENTIVES?

## **Motivational Incentive Programs**

A Motivational Incentive program provides tangible **reinforcers** such as vouchers, goods, or privileges to patients for reaching concrete targeted behaviors.

## **Motivational Incentives**

- Enhance treatment and facilitate recovery
- Target specific behaviors included in a patient's treatment plan
- Celebrate an individual's success in changing targeted behavior

## **Motivational Incentives**

- Used as an adjunct to other therapeutic clinical methods
- Can be used to motivate patients through stages of change to achieve an identified goal
- Are reinforcements to celebrate the changed behavior

## An evidence-based treatment that is little used...

- Implementing CM in existing programs with specific outcome goals
  - Made in Canada approach
    - Where it fits and does it work?
  - Implementation Toolkit

National survey of use, interest, barriers.

# • DEFINITIONS Rewards

- Mark an accomplishment or milestone worthy of celebration
- Acknowledge the achievement of larger goals or accomplishments
- Typically rely on patient's *internal* motivation for success

### EXAMPLE:

In a treatment setting, a patient receives recognition for maintaining abstinence for one month.

# DEFINITIONS Reinforcement/<u>Reinforcers</u>

 Reinforcement strategies increase the occurrence of a specific, desired behavior by breaking a larger goal down into smaller "Baby Steps" and reinforcing each of the steps as it occurs.

 Reinforcers are given at a high frequency for small, manageable instances of behavior change with the intent to make the reinforcers easy to earn.

#### EXAMPLE:

In a treatment setting a patient receives an incentive for attending each group session. This strategy serves as a baby step to encourage a patient to attain a larger goal of completing a course of treatment.

## **Contingency Management**

### Programs

Adolescent Program-Addiction Centre at Foothills Hospital

- Alberta Health Urine samples Services • 1 = \$5, 2 = \$10.
  - 1 = \$5, 2= \$10, 3= \$10 + Prize Draw

AVENTA CENTRE OF EXCELLENCE FOR WOMEN WITH ADDICTIONS Aventa Centre of Excellence for Women with Addictions

- continuing care group
- Fish bowl

Services

#### Fresh Start Recovery Centre

Goal achievement (housing, employment, relationships, etc.)
Program privileges (weekend passes, reduction in chores, etc.)

#### Calgary Adult Addiction Services

Alberta Health • concurrent recovery skills group, path to healing group, attendance

Fish Bowl

## An evidence-based treatment that is little used...

- Implementing CM in existing programs with specific outcome goals
- National survey of use, interest, barriers.
